Our doors are available in 'SBD' specification. 'SBD' meets the rigorous requirements of Secure By Design, the official police initiative, backed by the UK Home Office crime reduction unit. It is a guarantee that your door has been tested to, and surpassed, the most rigorous of attacks, and the most extreme weather tests available. It is a reassurance that our manufacturing methods are constantly monitored by this respected outside body.

PAS 24 2016

SBD Doors are manufactured to PAS 24 2016

Pas 24 2016 gives you complete reassurance that your door has been manufactured to the highest level of quality and enhanced security.

ENERGY EFFICIENCY

The insulated core of the door slab and insulated reinforcing in our frame allows for maximum heat retention and noise reduction. Our doors offer U Values between 0.9 and 1.4

The photos show the thermal efficiency of each of the doors we tested. The darker the blue, the less heat is being lost. Reds and greens, the predominant colours on the timber door, indicate high heat loss.

GRP composite door

Traditional timber panelled door

Solid timber core composite door

Security Hardware

The doors can be fitted with a high security lock, featuring anti-snap, anti-bump, anti-pick, anti-drill lock barrel, offering the ultimate in peace of mind and security for your home.

Cut through side section

Choice of Standard Door Colours

All the door styles are available in the following standard colours.

Choice of Available Door Colours

All the door styles are available in the following new colours.

Choice of Bespoke Door Colours

Our colourbonding service is now available for both door slabs and frames.

Flat Grained 28mm Infill Panels

Available in all Colours to perfectly match your Composite Door. Sheet size: 900mm x 2020mm

All coloured doors offer a 10 year Guarantee, woodgrain 5 years encompassing warping, twisting, cracking, build quality. All hardware carries a manufacturer's guarantee.

*Our Fusion glass tiles are manufactured by hand and involved melting two or more layers of glass together, it is therefore common to get small air inclusions in the glass. These are a feature of the product and add dimension and contrast to the tile and should not be seen as a fault.

Full range of glass colour options to complement the door colours.

MANHATTAN Stainless Steel Bar Handles and Hardware

In addition to our standard handles, we are offering a new range of contemporary style handles to complement your choice of door. The Manhattan range of handles are partnered with Keywind and Auto Lock.

Offset Handle Handle

NEW TO OUR RANGE

Round and Square Black Bar handles available in 1200 and 1500.

Inline & Offset Stainless Steel Handles available in 600mm, 900mm, 1000mm, 1200mm, 1400mm, 1600mm, 1800mm

Keywind Lock

The Keywind lock features an escutcheon 2/3rds of the height of the door, when the door is closed the lock will engage on the catch. To dead lock the door the Keywind has 3 wind up dead bolts. Just turn the Thumb turn for total security.

Auto Lock

Similar to the Keywind, except when the door closes, the hooks will automatically engage, no need to turn the Thumb turn cylinder and also gives total security.

Police 'Secured by Design' Stamped
